PREFACE

A list of approved career education programs for secondary programs is no longer provided in this directory. An official list of secondary programs can be viewed by accessing the Division's website at <http://dese.mo.gov/divcareered>. On the left-hand side, courses may be viewed by clicking the "Approved Course List" button. This link will connect to a public list of all secondary programs in Missouri by school district name and county-district code.

The Classification of Instruction Programs (CIP) codes are designed to provide an all inclusive list of secondary, adult and post secondary programs offered in Missouri.

The "Area Career Centers" section of this directory is designed to provide a source of information regarding adult career education programs available in area career centers that are approved for Federal Student Aid.

The Long-Term (500+ hour) Adult Programs section is designed to list the approved adult programs offered in the state. These programs are required to follow-up graduates on screen 29.

The "Community Colleges offering secondary programs" section is designed to list the community colleges that also offer secondary programs. Federal student aid is only available for post secondary students enrolled in the community college programs.

The Special Projects section of this directory contains information regarding the location and mission of career education services, activities and projects supported by state and federal career education funds for targeted groups, i.e., Single Parent, Displaced Homemaker, Gender Equity and High Technology Training Coordination between the education and business and industry communities. These projects provide services throughout the state. They are provided in addition to those available at each comprehensive high school, area career centers, community college, or college and university.

For corrections or modifications to this document please contact Connie O'Brien, Supervisor in Administration and Accountability Services, at (573) 751-3524 or via email at connie.obrien@dese.mo.gov.

Classification of Instructional Programs (CIP)

The classification of programs can be found by accessing the Core Data Manual “Exhibit 30” at <http://www.dese.mo.gov/divimprove/coredata/Exhibits 2008.doc> .

Comprehensive High Schools

A report of the approved career education programs can be viewed by accessing the Division's website at <http://dese.mo.gov/divcareered>.

On the left-hand side, the Program Management, Accountability, Finance button will connect to a page containing the link to the Approved Course List, the public list of all secondary programs in Missouri by school district, name and county-district code.
